

Statement from Lockerley Parish Council

Parking at Butts Green

Lockerley Parish Council has fenced off areas of Butts Green in front of the Memorial Hall as an emergency safety measure. Barrier fencing has been installed after recent wet weather aggravated the already poor state of the grass surface, making it water-logged and extremely slippery.

Lockerley Parish Council, as owners of Butts Green, acknowledges this will reduce the availability of parking, particularly at the start and end of the school day. Barrier fencing is an emergency measure while the Parish Council's working group explores longer-term and sustainable solutions around parking at Butts Green.

Updates will be posted on the Parish Council's Website www.lockerley-pc.gov.uk
